Chicken Wire Workshops

This week we were visited by William Ashley-Norman, an artist who sculpts from chicken wire. Over the past two days all children have taken part and have been able to sculpt themselves following various processes and skills shown to them by William. The results have been amazing and the children have been so engaged! Have a look at the photo's shared from Y3 above shows what a great time the children had and they have produced some excellent sculpted pieces of work. Hopefully, one of those 'sticky learning' fun days that will stay in their memory for a long time.

Wishing you all a wonderful Bank Holiday weekend and half-term break! See you on Monday 5th June! 😊
